PRESS RELEASE UPDATE

**PRESS RELEASE
FOR IMMEDIATE DISTRIBUTION**
DATE: October 1, 2009, 4 pm
CONTACT: Michael Dutton, Town Administrator

RELEASE

As of 3 p.m. today, the Town of Oak Bluffs has discontinued its water distribution program at the Oak Bluffs Library.

The Oak Bluffs Water Department has received three sets of results from its testing on Monday, Tuesday and Wednesday showing that tap water is safe and that there is no bacteria.

The Massachusetts Department of Environmental Protection will review the written reports and make a decision concerning the “Boil Water Advisory” within the next day.

If you have a medical issue you should consult with your medical care provider regarding what, if any, action you should take.

For further information on the distribution of water contact Emergency Management Director Peter Martell at 508-294-7148.

For further information on the quality of the water contact the Oak Bluffs Water Department at 508-693-5527.
