

Oak Bluffs Park Commissioners Minutes

Page 1

November 25, 2009

Members present: Nancy Phillips & Richard Combra, JR

Others present: Carlos Pena (CLE Engineering), David Grunden (Shellfish Constable), Carlos Montoya (Native Plants), Joan Hughes (ConCom), Liz Durkee (ConCom), Kathy Burton (Selectmen), Phyllis Jampol (OB Resident), Steve Auerbach (OB Resident), John Regan (OB Resident), Nicole L Morey (Office Administrator)

Item	Minutes	Goal	Person(s) Responsible	Date of Completion
Waban-Alley Park	<p>Reviewed drawing of pipe from park toward Farm Pond</p> <p>Area is very flat & water table is higher</p> <p>As pipe is broken, Carlos Pena suggested various fixes including a pump system which would be expensive</p> <p>Joan Hughes & Liz Durkee advised that pipe can be maintained but any further work would require permits from DEP, etc</p> <p>John Regan stressed that neighbors do not want a flower garden as the only fix</p> <p>Commissioner Phillips said they hoped to use native plants but not create a wetland</p> <p>Liz Durkee said that as it is similar to East Chop Drive problem & should they get approval/funding for that fix then perhaps use the same system at Waban-Alley & apply for the same grant money</p> <p>It was agreed that Highway Superintendent would replace broken pipe as part of its maintenance</p>	Reduce standing water & road flooding	Richard Combra, JR
