

Town of Oak Bluffs Cemetery Commissioners Minutes
Commissioners Present: Jess B Law III and Linda Wilson
Others Present: Nicole L Morey and Gail Landers
May 20, 2010

Foreman Duties

Commissioner Law filled in Commissioner Wilson in on the history of Oak Grove Cemetery, general duties of the Cemetery Foreman Gail Landers, the cost of plots and how many people are buried per quarter lot (two on top of each other), the purpose of the perpetual care account and future plans (i.e. markers).

Foreman Landers showed the Commissioners her system for managing plot and burial records, a card system that works well. She also brought out the old plot plan map which has badly disintegrated. Nicole Morey stated she had another copy of burial records both in a notebook and on the computer.

New section

Commissioners viewed the new section of the cemetery and agreed that the large pines trees need to be removed. Foreman Landers asked that the roads should be made straighter.

Meeting adjourned.

Respectfully submitted,

Nicole L Morey
Office Administrator
